ENDORSEMENT GUIDE

7.19.2022

PLANNED PARENTHOOD ENDORSEMENTS

The candidates listed here have earned a Planned Parenthood endorsement by demonstrating a willingness to serve as a champion for sexual and reproductive health and for addressing the social determinants of health that intersect with and impact sexual and reproductive health outcomes, including but not limited to access to clean water; pollutant-free air and environments; the ability to earn a living wage; access to child care; access to quality education; access to health care regardless of age, race, or gender identity; voting rights; the impacts of racism; and equal protections for people of color across all social and economic systems, including health care and the criminal justice system.

These endorsed candidates are sexual and reproductive health champions who are committed to sharing PPAM's values and will support and actively work toward policies that attain true sexual and reproductive health freedom. To earn our endorsement, these candidates must also commit to intersectional work that addresses the social determinants of health, acknowledging and dismantling the racist structures that exist not only in health care but in myriad aspects of our lives.
